## Information

E-world energy & water is the place where the European energy industry comes together. Serving as an information platform for the energy sector, E-world is gathering international decision makers in Essen each year. More than one fifth of the exhibiting companies are based abroad. The majority of international exhibitors come from countries of the European Union.

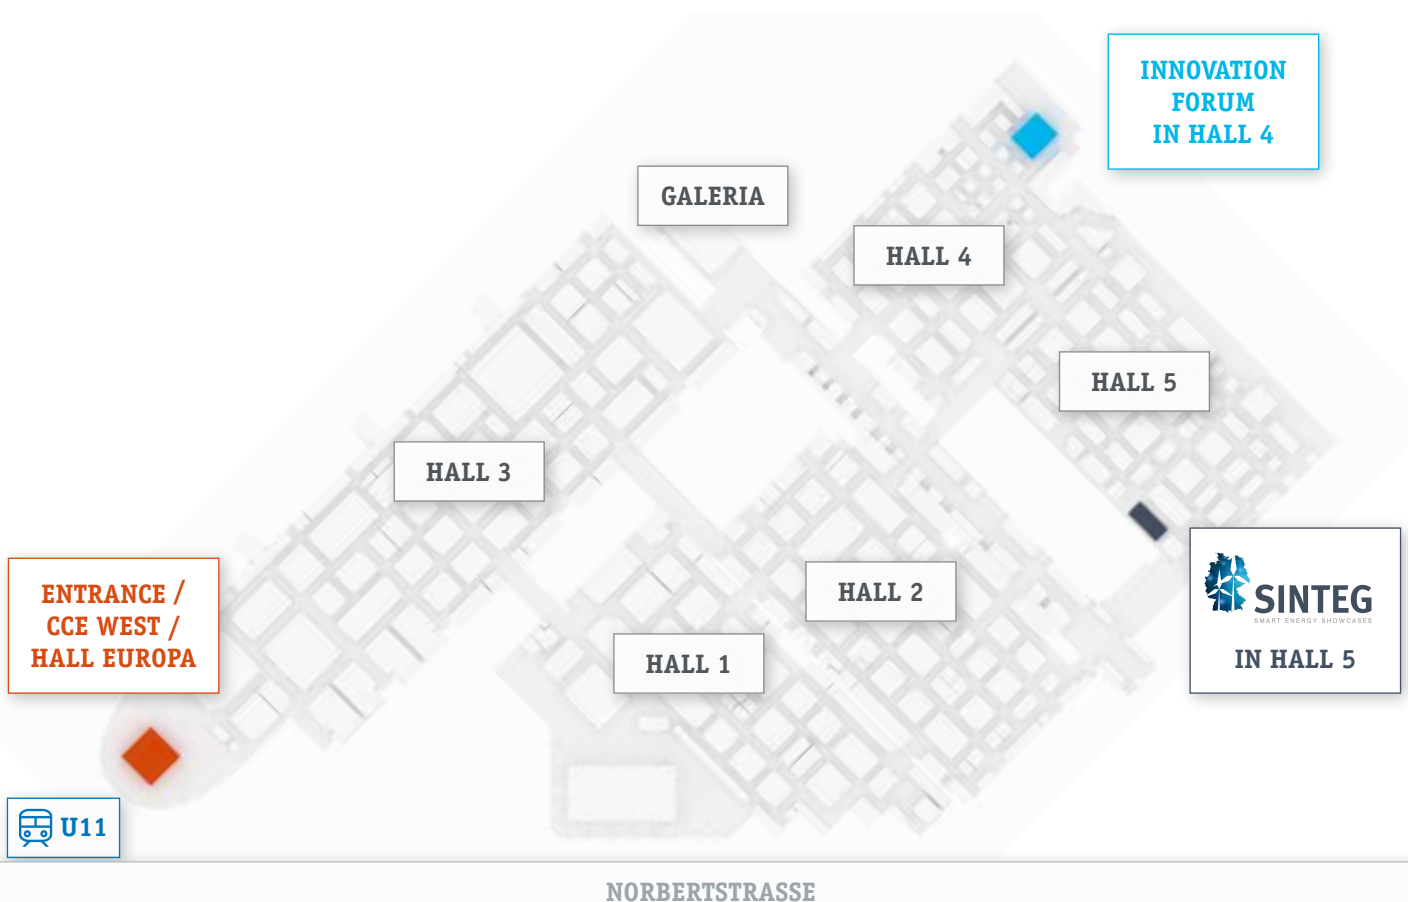

# DAY OF CONSULATES

E-WORLD ENERGY & WATER 2019

The Day of the Consulates gives delegates of embassies and consulates the opportunity to get informed about the actual situation in the energy sector. We hope that the program gives you a good insight in the development of the market and the impacts of that on your home country.
